## WHAT IS YOUR CHOICE ?

- Stop expecting and start accepting people as they are.
- Expectations always lead to disappointment.

# THINK BIG

- People often decided to put their dreams aside for something more “realistic”. To give up their dream for something easier.

# LEARN HOW TO BALANCE LIFE

Life is simple, don't make it complicated by sacrificing yourself for the sake of pleasing everyone.

# BE TRUE TO YOUR SELF

Be who you are and say what  
you feel, after all, there is  
nothing wrong with being real.

# LIVE IN PRESENT MOMENT

Learning to live in the present moment is the key to the success and happiness.

Ignore the things which you no longer can control.

Celebrate each and every second of your life.

Remember, happiness is a choice.  
Only you can make yourself happy.

## FEEL GOOD

- Any time you're feeling down, you're probably focusing on the wrong side of the ledger.
- You're focused on the things that have not gone the way you wanted, things that didn't turn out, people who upset you, or things like that.
- Now you're giving your consent to yourself to make you feel inferior.

# BE THE HERO OF YOUR OWN LIFE STORY.

- Find your purpose and live what you love. You have to do what's best for your life, not what's best for anyone else.
- Don't be a passenger in your own life, take a control and do what truly makes you happy and fulfilled.

# HAVE COURAGE TO PURSUE YOUR DREAMS

*The two most important days in your life are the day you are born and the day you find out why.”*

Everyone has dreams, but the fact is the majority of people doesn't have the courage to pursue it. Remember, dreams don't convert into a reality without hard work and perseverance.
